SUMMARY

Computer Engineering student with hands-on, self-driven experience building full-stack web applications using JavaScript, Node.js, Express.js, and MongoDB/MySQL. Demonstrated ability to independently design, develop, and deploy end-to-end projects, including a booking platform with payment gateway integration, an offline PDF-generation tool, and an interactive browser-based game. Eager to leverage a strong foundation in C, Java, and Python along with growing full-stack expertise to contribute to real-world software products.

TECHNICAL SKILLS

Languages: C, Java, Python (Intermediate)

Frontend: HTML5, CSS3, JavaScript (ES6+), Bootstrap

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Version Control: Git, GitHub

PROJECTS

AuraNumerology – Appointment Booking & Consultation Platform

Tech Stack: HTML, CSS, JS, Bootstrap, Node.js, Express.js, MongoDB, Mongoose ODM, Razorpay SDK, Nodemailer

- Developed a full-stack appointment booking and consultation platform with dynamic slot scheduling.
- Integrated Razorpay payment gateway for secure online transactions.
- Collaborated with the Antigravity AI coding assistant to accelerate the development lifecycle, moving from design mockups to production-ready API verification and UI polish.

PriceList-Builder – Offline Price List Generator

Tech Stack: HTML, CSS, Vanilla JS

- Built a standalone, zero-installation web app for retailers, manufacturers, and distributors to build, brand, customize, and export professional PDF product price lists.
- Designed the entire tool to run 100% offline and browser-based, requiring no backend infrastructure.

Simon-Say Game – Interactive Memory Matching Game

Tech Stack: HTML, CSS, JavaScript

- Built a responsive, interactive memory-matching game using vanilla HTML, CSS, and JavaScript.
- Leveraged HTML5 Audio for interactive sound effects and integrated SweetAlert2 for polished UI alerts.
- Designed a custom LocalStorage system to save high scores and award dynamic medals (Bronze, Silver, Gold) based on player achievements.

EDUCATION

Computer Engineering
LDRP Institute of Technology & Research, Gandhinagar

CPI: 7.08 | Sep 2023 – Present

12th Grade
Gyandeep High School, Ahmedabad

71.69% | March 2023

10th Grade
Arjun English School, Ahmedabad

93.5% | May 2021

ADDITIONAL INFORMATION

- GitHub: github.com/Dhairya5115 | LinkedIn: Dhairya Shah
- Soft Skills: Self-Directed Learning, Problem Solving, Attention to Detail, Adaptability.
- Interests: Full Stack Web Development, Open Source, Learning New Frameworks.
